Observations

- The above travel times indicate the time from venue to venue, with the exception of venues inside the Barra and Deodoro Olympic Parks (see below).
- The time for vehicle security screening is not included in these estimates. For the screening of the TA (Athlete Transport) buses, security clearance is estimated at three minutes. For TM (Media Transport) and TF (International Federation) buses, it is estimated that security clearance will take nine minutes. Cars and vans should expect a security clearance time of four minutes.
- Within Barra Olympic Park, the travel time from the Vehicle Screening Area (VSA) to the furthest venue in the Park is estimated at three minutes.
- The Rugby & Modern Pentathlon Arena (Football 7-a-side) has been used as the basis to calculate the travel times to all venues in the Deodoro zone. We are conducting further study on travel times to individual venues within this zone.
- The 'Main Hotel Area Barra' is defined as Avenida Lucio Costa, nº 5600, Barra.
