Equipment Control

The Equipment Control area will be open for Athlete **self-checking** from 7.30 am Thursday 15 February for all equipment including boats. There will be no compulsory pre-competition equipment control.

Prior to the race on each competition day there will be an official at the Equipment Control area, should any Athlete have a question or need help with the measuring equipment.

The equipment control schedule is as follows:

Date	Time
Thursday 15 February	7.30 am – 3.00 pm
Friday 16 February	9.00 am – 6.00pm
Saturday 17 – Sunday 18 February	9.00 am – 12.30pm

Any Competitors equipment may be selected for post competition equipment control. Boats may be checked for weight, length & width and nose & tail and rail dimensions. Buoyancy vests and helmets may be checked to ensure compliance with the current ICF rules.

Athletes whose equipment does not pass a post competition check will be disqualified for that run (DISQ-R)

Team Leader & Enquiry Process

All Competitors will be required to nominate their Team Leader prior to the race. Only nominated Team Leaders may make enquiries on behalf of their respective competitors. Any Athlete who does not nominate a Team leader will be assigned one.

The Enquiry Desk will be located adjacent to the Event Office.

Video evidence from the technical video feed may be considered in the resolution of any enquiry at the discretion of the Chief Judge.

Copies of documentation in Team trays

As standard there will be two copies of the start lists placed into your team tray. Please tell us if you require more copies so we can meet your needs. Results outputs will be emailed to Team Leaders.

Body Number Distribution

Body numbers will be distributed to Team Leaders after 10 am on Thursday 15 February from the Event office.

Body numbers will not be distributed unless the entry fee has been received.

Team Leaders will be required to leave a \$100 deposit prior to collection of their team's body numbers. The deposit will be returned on collection of all the body numbers issued to the Team Leader.

The body numbers must be returned to the Event office, following the race prior to presentations.

Any body number not returned will attract a \$100 fee.

Timing and Scoring

Timing is to 100th of a second. Timing will be electronic with handheld backup.

Results

Official results will be posted on the Official Notice Board adjacent to the Event Shed. Results will also be posted on the event website - <http://www.canoe.org.au>.

Live results will be available from the event website and on monitors at the venue.

No hard copies of results will be printed for teams. A complete electronic set of results can be accessed, either via the website, or by request to the Competition Organiser following the completion of the competition.

Medal Ceremony Protocol

Following finals medallists should assemble near the start pool 15 mins prior to the medal ceremony. Competitors involved in the medal ceremonies must wear team uniform and closed shoes

Technical Video Service

Technical video service will be provided by the AIS. There will be a limited number of feeds available. Teams wishing to use this service should contact Sue Natoli suenatoli@gmail.com to register their interest. Further information regarding the TVS is available on the event website at <http://canoe.org.au/events/2018-canoe-slalom-australian-open/>

Start and Finish Procedures

A clock displaying “race time” will be located above the conveyor belt in the finish pool. The conveyor belt ride takes 75 seconds.

Competitors will be called to the start platform immediately the previous competitor has left the start.

The start will be a downstream start adjacent to the start platform. There will be a 5 sec beep countdown to the start time. Athletes may start within 3 seconds of their allocated start time

The start beam is located at the top of the first drop.

Start Intervals

Depending on entries, the start interval for the qualification runs will be 60 seconds between each competitor and 5 minutes between categories.

There will be a 90 second interval between each competitor for the Semifinal and Final.

Start Order

Competitors will start in the reverse order of their 2017 ICF Ranking. Competitors without an ICF ranking will start at the beginning of the start order, in the reverse order of their Australian National rank. Unranked Competitors will be placed at the beginning of the start order and their place will be determined by a random draw.

For Competitors who have two heats runs, the second run score in the heats phase is counted as their heats result.

Competitors that qualify for the semi-final phase from their 2nd heats run score will be placed at the beginning of the Semi-final start list, followed by the competitors who qualified from their 1st heats run score.

The start order for the final will be the reverse order of the results of each respective semi-final.

The start will be in the same order as on the Start List. Competitors who arrive at the start late may not be permitted to start (subject to the decision of the Chief Judge).

Finish Procedure

The finish line is located directly under the bottom bridge. Competitors must remain in the finish pool to warm down until dismissed by the Equipment Controller, as they may be required for Equipment or Doping Control.

Finish Zone

Athletes are reminded that they must not warm up in the area directly below the finish line.

Signal to Clear the Course

A whistle will be used by the Gate Judge should the competitor be required to clear the course, e.g. to give way to another competitor.

If Water Safety staff are required to turn off the pumps, e.g. to clear the channel, a siren will sound.

Doping Control

In line with the World Anti Doping Code and the ICF Doping Control Rules, the Australian Sports Anti Doping Authority (ASADA) may conduct random drug testing at this competition.

Doping control will occur in the AIS NCE building away from the main whitewater stadium complex. Competitors must present their passport or provide photo proof of identity at the time of a test. We strongly recommend that Team Leaders look after the security of Team Members passports.

Information regarding doping control can be found on the ASADA website www.asada.gov.au

Wireless Internet

An unsecured wireless internet service is available during the event. Should you have any issues connecting to this network please contact the Event Office.

General Safety

Two boats are to remain on the water after the finish.

Whilst on the conveyer belt- competitors may empty out their boats but must stay on the conveyer belt until the top pond is reached. Do not jump off the conveyer at any point.

Warm up lake

To avoid potential collisions and injury when using the warm up lake, Competitors are required to keep within the whitewater users designated area.

This area is marked by a line of buoys and includes the area at the slalom course end of the lake and a channel approximately 10 meters wide that runs adjacent to the slalom course on the right hand bank of the lake (see map below).

All other areas of the lake are not to be used at any times by Canoe Slalom Boats.

Smoking & Alcohol

Smoking is only permitted in the designated smoking area near the entrance to PWS. Smoking is not permitted on the Field of Play or in any of the buildings.

Alcohol consumption is not permitted anywhere on the venue, except in the VIP lounge during its hours of operation or those areas designated in the Cafe.

Personal Belongings

There is no capacity to store personal belongings in secure areas. Athletes and Teams are encouraged not to bring extra items to the venue. Please remind members of your team not to leave valuable items unsecured

Sun protection

The Ultra Violet (UV) index is high during the middle part of the day and it is recommended that broad-spectrum (SPF 30+) sunscreen be worn on exposed skin to protect against sunburn.

Access and Parking

Please park in the marked areas and follow the instructions of Penrith Whitewater Stadium staff when at the venue. You are reminded that the bridges are for access only. The only people who may remain on the bridges are Technical Video Service Staff and Officials. You may pass over the bridge but not remain on any part.
